An innovative and intimate history of maternity When acclaimed historian Sarah Knott became pregnant, she started looking for a history of motherhood - only to find that no such book exists. For

centuries, historians have concerned themselves with wars and revolutions, not the everyday details of carrying and caring for a baby. These details matter: they shape our feelings and give structure to our hours. But they leave little historical trace. Much to do with becoming a mother, past or present, is lost or forgotten. Using the arc of her own experience, from miscarriage to the birth and early babyhood of her two children, Sarah Knott explores the changing traditions, experiences and cultural implications of motherhood. Drawing on diaries and letters, paintings and songs, *Mother* vividly brings to life the stories of both ordinary and extraordinary women - from the piercing cry of a South Carolina field slave to the triumphant smile of a royal mistress pregnant with a king's first son - to create a moving depiction of a universal and endlessly various human experience. "A mother through the eyes of a baby: a mother's a mirror, a doctor, a story, the top of a mountain, a mother's a home"--Back cover. The magazine that helps career moms balance their personal and professional lives. Regardless of the circumstances of each individual's life, every life begins with a mother. Throughout your life, you may have many different relationships with your mother—or perhaps you may have none at all. For the most part, it's safe to say that all of us have questions or perhaps just something important we'd like to say to our mothers. In *A Letter to My Mother: Letters from Daughters Full of Love, Hope, Despair, Regret, and Forgiveness*, women from various backgrounds and regions of the United States each write deep, heartfelt letters to their mothers. Each letter is a real, personal attempt at resolution between the roles of mother and daughter. In this collection of heart-to-heart communications—meant to inspire the reader to address his or her own unspoken words—the authors raise a number of points, issues, and praise with respect to their relationships with their mothers. From positive friendships to bitter abandonment, each woman bares her heart completely in her own letter to her mother. The magazine that helps career moms balance their

personal and professional lives. Mother Jones is an award-winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues. **LONGLISTED FOR THE INTERNATIONAL BOOKER PRIZE** A gorgeous, critically acclaimed debut novel about a young woman coming of age with a dazzling yet damaged mother who lived and loved in extremes - in the bestselling tradition of Jeannette Walls's *The Glass Castle*. A prize-winning tour de force when it came out in France, Violaine Huisman's remarkable debut novel is about a daughter's inextinguishable love for her magnetic, mercurial mother. Beautiful and charismatic, Catherine, aka 'Maman', smokes too much, drives too fast, laughs too hard and loves too extravagantly. During a joyful and chaotic childhood in Paris, her daughter Violaine wouldn't have it any other way. But when Maman is hospitalised after a third divorce and breakdown, everything changes. Even as Violaine and her sister long for their mother's return, once she's back Maman's violent mood swings and flagrant disregard for personal boundaries soon turn their home into an emotional landmine. As the story of Catherine's own traumatic childhood and coming of age unfolds, the pieces come together to form an indelible portrait of a mother as irresistible as she is impossible, as triumphant as she is transgressive. With spectacular ferocity of language, a streak of dark humor and stunning emotional bravery, *The Book of Mother* is an exquisitely wrought story of a mother's dizzying heights and devastating lows, and a daughter who must hold her memory close in order to let go. When a mother kills her child, we call her a bad mother, but, as this book shows, even mothers who intend to do their children harm are not easily categorized as *ÒmadÓ* or *Òbad.Ó* Maternal love is a complex emotion rich with contradictory impulses and desires, and motherhood is a conflicted state in which women constantly renegotiate the needs mother and child, the self and the other. Applying care ethics philosophy and the work of

Emmanuel Levinas, Maurice Merleau-Ponty, and Simone de Beauvoir to real-world experiences of motherhood, Sarah LaChance Adams throws the inherent tensions of motherhood into sharp relief, drawing a more nuanced portrait of the mother and child relationship than previously conceived. The maternal example is particularly instructive for ethical theory, highlighting the dynamics of human interdependence while also affirming separate interests. LaChance Adams particularly focuses on maternal ambivalence and its morally productive role in reinforcing the divergence between oneself and others, helping to recognize the particularities of situation, and negotiating the difference between one's own needs and the desires of others. She ultimately argues maternal filicide is a social problem requiring a collective solution that ethical philosophy and philosophies of care can inform. I

felt you. You were a pea. Then a lemon. Then an eggplant... In this beautiful celebration of motherhood, the universal message of unconditional love for a child shines through. Laurenne Sala's heartwarming text, accompanied by New York Times bestselling artist Robin Preiss Glasser's charming illustrations, creates a sweet and intimate look at the powerful bond between mother and child from pregnancy to birth and beyond. This is a book about where to find them, when to keep them, why to break it off and how to lose them. It's a book that tackles such important questions as: How do you read between the lines to discern what's true and what's not? Should you fake orgasm? Is it okay to break up via voice mail? What if your kids don't like him? And what should you write in your on-line ad? We fervently believe this book will enable all single women to learn what we've learned, laugh along with us at our mistakes and thus have an easier time charting those uncharted waters on their way to new relationships. Mothers and daughters compare notes on all sorts of things, but few get to compare notes on the dating scene, let alone write a mother-daughter dating book together. We didn't plan things this way. I suddenly found myself widowed after 19 years of marriage and my daughter, Andi, became a divorcee after ten years of marriage. We both re-emerged as singles at times in our lives when we least expected to do so. We discovered over the years as we compared notes, soothed each other's egos, offered encouragement, and giggled uproariously over some of the funnier anecdotes our dating experiences have yielded that commiseration was a learning and healing experience and most important of all great fun. We decided to broaden the circle and interview our friends two very different generations of dating women and we found we had all reached many similar conclusions, namely that there are few problems that can't be rectified, that women are too hard on themselves in dealing with men, and that it's far better to laugh than to take these things too seriously. Kiss and Tell: Tales by a Mother

and Daughter is filled with our stories and newfound wisdom. We look at how children fit into the dating picture for younger women. Is it possible to find a man who not only loves you but also adores your children? And we look at the discomfort older women might feel about suddenly dating again after forty plus years of marriage. Invaluable dos and don'ts of dating are included throughout the book. The magazine that helps career moms balance their personal and professional lives. Dozens of influential leaders have heard the pleas of mothers and children in developing countries. Raising their voices to inspire a movement to increase healthy pregnancies and lower death rates, Melinda Gates, Kay Warren, Bill Frist, Kimberly Williams Paisley, Michael W. Smith and more speak out about why people of faith must get involved in The Mother and Child Project: Raising Our Voices for Health and Hope. Almost 287,000 women die each year because of pregnancy and birth complications. Many orphans are left behind in the wake of this tragedy, and without a mother, many of those children die as well. If only enough people knew. We have the resources to prevent this crisis, but we must take action. Fortunately, Hope Through Healing Hands, a nonprofit organization promoting awareness for healthy mothers and children worldwide, is already spreading the word. Not only can we save lives, reduce abortions, and decrease death rates, but also we can help build healthier, thriving families and bring stability and sustainability to families, communities and nations. The question is, will you join them? Love is important but it is respect that is the key to your son's heart. The magazine that helps career moms balance their personal and professional lives. Family is about love no matter how different parents and children may be, adopted or not. Choco wishes he had a mother, but who could she be? brings him home, he meets her other children—a piglet, a hippo, and an alligator—and learns that families can come in all shapes and sizes and still fit together. Keiko Kasza's twist on the "Are you my mother?" theme has become one of the most highly recommended stories about adoption for children. In the latest body of work by author and photographer Claiborne Swanson Frank, the artist set out to explore what modern motherhood means in the 21st century. Turning her lens on 70 iconic families of mothers and children from such celebrated names as Delfina Figueras, Carolina Herrera, Lauren Santo Domingo, Anne Vyalitsyna, Aerin Lauder, and Patti Hansen, Swanson Frank's stunning portraits capture the emotional bonds and beauty that frame the primal relationship of a mother and her child. The perfect daughter gift to give to moms this Mother's Day! Shannon Watts was a stay-at-home mom folding laundry when news of the tragic shooting at Sandy Hook Elementary flashed across the television screen. In one moment, she went from outraged to engaged and decided to do something about it. What started as a simple Facebook group to connect with other frustrated parents grew into Moms Demand Action, a national movement with millions of supporters and a powerful grassroots network of local chapters in all 50 states. Shannon has been called "the NRA's worst nightmare"—and her army of moms have bravely gone up against the gun lobby, showing up in their signature red shirts, blocking the hallways of congress with their strollers, electing gun sense candidates and running for office themselves, proving that if the 80 million moms in this country come together, they can put an end to gun violence. Fight Like a Mother is the incredible account how one mother's cry for change became the driving force behind gun safety progress. Along with stories of perseverance, courage, and compassion, Watts shines a light on the unique power of women—starting with what they have, leading with their maternal

strengths, and doubling down instead of backing down. While not everyone can be on the front lines lobbying congress, every mom is already a multi-tasking organizer, and Shannon explains how to go from amateur activist to having a real impact in your community and beyond. *Fight Like a Mother* will inspire everyone—mothers and fathers, students and teachers, lawmakers, and anyone motivated to enact change—to get to work transforming hearts and minds, and passing laws that save lives. The magazine that helps career moms balance their personal and professional lives. "You will devour these beautifully written—and very important—tales of honesty, pain, and resilience" (Elizabeth Gilbert, New York Times bestselling author of *Eat Pray Love* and *City of Girls*) from fifteen brilliant writers who explore how what we don't talk about with our mothers affects us, for better or for worse. As an undergraduate, Michele Filgate started writing an essay about being abused by her stepfather. It took her more than a decade to realize that she was actually trying to write about how this affected her relationship with her mother. When it was finally published, the essay went viral, shared on social media by Anne Lamott, Rebecca Solnit, and many others. This gave Filgate an idea, and the resulting anthology offers a candid look at our relationships with our mothers. Leslie Jamison writes about trying to discover who her seemingly perfect mother was before ever becoming a mom. In Cathi Hanauer's hilarious piece, she finally gets a chance to have a conversation with her mother that isn't interrupted by her domineering (but lovable) father. André Aciman writes about what it was like to have a deaf mother. Melissa Febos uses mythology as a lens to look at her close-

knit relationship with her psychotherapist mother. And Julianna Baggott talks about having a mom who tells her everything. As Filgate writes, "Our mothers are our first homes, and that's why we're always trying to return to them." There's relief in acknowledging how what we couldn't say for so long is a way to heal our relationships with others and, perhaps most important, with ourselves.

Contributions by Cathi Hanauer, Melissa Febos, Alexander Chee, Dylan Landis, Bernice L. McFadden, Julianna Baggott, Lynn Steger Strong, Kiese Laymon, Carmen Maria Machado, André Aciman, Sari Botton, Nayomi Munaweera, Brandon Taylor, and Leslie Jamison. Shortly after Albert Cohen left France for London to escape the Nazis, he received news of his mother's death in Marseille. Unable to mourn her, he expressed his grief in a series of moving pieces for *La France libre*, which later grew into *Book of My Mother*. Achingly honest, intimate, and moving, this love song is a tribute to all mothers. Cohen himself expressed, "I shall not have written in vain if one of you, after reading my hymn of death, is one evening gentler with his mother because of me and my mother." From the Trade Paperback edition. Having a baby is a private miracle, yet it is also the source of much shared joy. For this reason, women and families in every country and every culture have customs to ensure that the journey into motherhood is marked and remembered. From yoga-inspired routines for resting during pregnancy to favorite proverbs printed on the khangas used to carry African newborns and the origins of the baby shower to the Japanese ritual where Sumo wrestlers make babies cry, each page of *On Becoming a Mother* is filled with inspiration, humor, and insight about the beginnings of parenthood. This beautifully curated collection of traditions, folk songs, stories, crafts, lessons, and advice from mothers around the world is the perfect gift for the new mother or mother-to-be. Mothers and daughters have a special bond that is unlike any other relationship. Together, they share precious moments, provide tender support, and make some of the

The magazine that helps career moms balance their personal and professional lives. When Maxine wakes up on the wrong side of the bed one morning, she wonders if the problem might be her mother. Unfortunately, these other mothers present a host of new problems and concerns. Maybe her "old mother" was the best mother of all?
