Outstanding' Matt Haig 'To say I love this is an understatement . . . It moved me to tears' Reese Witherspoon 'Beautifully written, completely charming, and extremely wise on the subject of adolescent influence' Nick Hornby Everyone in Shaker Heights was talking about it that summer: how Isabelle, the last of the Richardson children, had finally gone the bend and burned the house down. In Shaker Heights, a placid, progressive suburb of Cleveland, everything is meticulously planned - from the layout of winding roads, to the colours of the houses, to the successful lives its residents go on to lead. And no one embodies this spirit more than Elena Richardson, whose guiding principle is playing by the rules. Enter Mia Warren - an enigmatic artist and single mother- who arrives in this idyllic bubble with her teenage daughter Pearl, and rents a house from the Richardsons. Soon Mia and Pearl become more than just tenants: all four Richardson children are drawn to the mother-daughter pair. But Mia carries with her a mysterious past, and a disregard for the rules that threatens to upend this carefully ordered community. When old family friend attempts to adopt a Chinese-American baby, a custody battle erupts that dramatically divides the town - and puts Mia and Elena on opposing sides. Suspicious of Mia and her motives, Elena is determined to uncover the secrets of Mia's past. But her obsession will come at an unexpected and devastating cost. This book is suitable for students of all abilities studying Year 7 Mathematics. It has been specifically written to help students revise their work and succeed in their class tests, half-yearly and yearly exams. This is a revised and extended edition with over fifty extra pages of work for students to complete. In this book you will find: Topics covering the complete Year 7 Australian Curriculum Mathematics course Two hundred pages of practice exercises Fourteen topic tests Three practice exams Answers to all questions English Previous Year Questions
