The Intervention Book Oct 23 2022 Millions of viewers have watched Dr. Drew conduct professional interventions with celebrities who are struggling with addictions. But we can't all afford a professional intervention. The Intervention Book offers real-life stories and step-by-step advice for intervening in a loved one's life. In *The Intervention Book*, Kathy L., the 12-step recovery columnist for BellaOnline, one of the largest sites for women on the web, offers a comprehensive guide to understanding and staging interventions. She begins by explaining the concept of intervention--the critical waking up point when the addict accepts that addiction has taken over his life. She walks readers through the different types of interventions, and offers advice from professional counselors and family members who have used interventions successfully. The Intervention Book includes stories of real people, more than twenty first-hand accounts from recovering addicts and alcoholics, along with their friends and families who have been through interventions and started recovery. For anyone who has a friend or loved one struggling with an addiction, this book offers faith and hope of a life in recovery.

The Autism Book Sep 29 2020 Answers to more than one hundred of the most frequently asked questions about autism, a disease that affects an estimated one in 250 children. At the age of two, Dawn Ham-Kucharski's son, Alex, was diagnosed with autism, and she was given little hope that he would ever express himself verbally or interact meaningfully with others. But, now at the age of six, Alex is an uplifting autism success story, due to his mother's tireless efforts to seek out an appropriate treatment program, educational plan, and socialization strategy. In *The Autism Book*, health and parenting journalist S. Joanna Robledo and Ham-Kucharski, an impassioned advocate for educational opportunity for autistic children, use their hard-won knowledge and experience to objectively and compassionately answer the most urgent questions of parents and educators of autistic children. The authors offer comprehensive information on diagnoses, causes, manifestations, treatment options, managing emotions, family relationships, parenting and lifestyle issues, education, and common worries.

The Cat Behavior Answer Book Jun 07 2021 Cats are lovable, funny, attentive listeners, and wonderfully cuddly. They can also be tenacious, persnickety, and maddeningly aloof. Arden Moore explains the mysteries behind your feline friend's thoughts and actions, from that inexplicable fascination with catnip to kneading blankets, chasing mice, and dozens of other complexities of cat behavior. With a handle on what's behind your cat's quirky personality, you'll be able to maximize quality time with the fuzziest member of the family.

Learning Disorders Dec 13 2021 What are learning disorders? How can schools endeavour to address these disorders in today's inclusive classrooms? This book answers these important questions in practical terms and discusses in detail the instructional needs of students with dyslexia, dysgraphia, dyscalculia, dyspraxia and other significant disorders that affect learning. Peter Westwood draws on international research literature to provide supporting evidence of best practices. The book is unique in linking the teaching methods recommended for overcoming learning problems directly to each of the three tiers of support in the Response-to-Intervention Model. It presents examples of effective whole-class teaching, intensive small group instruction and individual tutoring, as well as addressing key topics such as: educational progress of students with learning disorders; principles for teaching dyslexic students; difficulties with writing and spelling; developing students' numeracy skills; specific

intervention strategies; nonverbal learning disabilities. Learning Disorders will be of interest to practising teachers, trainee teachers, teaching assistants, educational psychologists, school counsellors and parents. It will also provide valuable insights for any school planning to upgrade its support system for students with special educational needs.

Non-Pharmacological Interventions Jul 20 2022 Non-pharmacological interventions (NPIs) have become essential solutions for better living, preventing disease, and self-care, in addition to biomedical treatments, and for increasing longevity without loss of quality of life. Over the past 20 years, these practices have gone from general diet and hygiene advice to targeted and personalized solutions for prevention, care optimization, and curative treatments. Selected empirically for centuries or recently with the help of technological innovations and epigenetic, interventional, and medico-economic studies, their development is growing and diversifying around the world. Today an NPI ecosystem is made up of a myriad of public and private actors. As interest in NPIs grows, so do questions about safety, effectiveness, standardization, ethical practice, and surveillance. In this book, the author answers these questions with a scientific approach, because evidence-based science, evidence-based practice, clinical research, and data monitoring have revolutionized this field. Topics explored among the chapters include: · Defining Non-Pharmacological Interventions · The Benefits and Dangers of Non-Pharmacological Interventions · Motives and Facilitators of Non-Pharmacological Intervention Use · The Market for Non-Pharmacological Interventions · Evaluation of Non-Pharmacological Interventions · The Future of Non-Pharmacological Interventions *Non-Pharmacological Interventions: An Essential Answer to Current Demographic, Health, and Environmental Transitions* is a must-have resource for clinicians and other health professionals, researchers, students, health insurers, policy-makers, caregivers, and entrepreneurs in the health and wellness space, as well as any users who wish to inform themselves about NPIs.

Transcultural Nursing - E-Book Oct 11 2021 Provide quality care for clients from culturally diverse backgrounds! Transcultural Nursing, 8th Edition shows you how to apply assessment and intervention strategies to individuals from a variety of different cultures. Based on Giger and Davidhizer's unique transcultural model, this text helps you design culturally sensitive care with use of the six key aspects of cultural assessment: communication, time, space, social organization, environmental control, and biologic variations. Written by nursing educators Joyce Newman Giger and Linda G. Haddad, Transcultural Nursing shows how an understanding of cultural variations and individual patient needs will help you provide safe and effective care. UNIQUE! The six key aspects of cultural assessment each receive a full chapter of coverage, allowing you to also apply the Transcultural Assessment Model to cultures not covered in the text. Case studies and critical decision-making questions help you apply the assessment framework to practice. 23 chapters on specific cultural groups apply this assessment model to the clients most commonly encountered in United States health care settings, with nearly all chapters written by contributors who are part of that ethnic group. Client care plans in culture-specific chapters show how to apply principles to the needs of individuals. Review questions reinforce your understanding of cultural principles, with answers found in the back of the book. Discussions of spirituality throughout the text provide a holistic, integrated approach to culture, beliefs, and assessment. NEW co-author Dr. Linda Haddad is an internationally recognized cultural scholar who has taught nursing around the globe, has acted as an advisor and coordinator for the World Health Organization, and has published over 30 scholarly articles on nursing with a focus on understanding the cultural implication to care. UPDATED! Cultural chapters are completely revised to reflect the shifting experiences of cultural groups in our society.

Neurologic Interventions for Physical Therapy- E-Book Oct 19 2019 Master the role of the physical therapist or physical therapist assistant in neurologic rehabilitation! Neurologic Interventions for Physical Therapy, 3rd Edition helps you develop skills in the treatment interventions needed to improve the function of patients with neurologic deficits. It provides a solid foundation in neuroanatomy, motor control, and motor development, and offers clear, how-to guidelines to rehabilitation procedures. Case studies help you follow best practices for the treatment of children and adults with neuromuscular impairments caused by events such as spinal cord injuries, cerebral palsy, and traumatic brain injuries. Written by physical therapy experts Suzanne 'Tink' Martin and Mary Kessler, this market-leading text will help you prepare for the neurological portion of the PTA certification exam and begin a successful career in physical therapy practice. Comprehensive coverage of neurologic rehabilitation explores concepts in neuroanatomy, motor control and motor learning, motor development, and evidence-based treatment of adults and children with neuromuscular impairments. Over 700 photos and drawings clarify concepts, show anatomy, physiology, evaluation, and pathology, and depict the most current rehabilitation procedures and technology. Case studies demonstrate the patient examination and treatment process, and show how to achieve consistency in documentation. Proprioceptive Neuromuscular Facilitation chapter describes how PNF can be used to improve a patient's performance of functional tasks by increasing strength, flexibility, and range of motion — key to the treatment of individuals post stroke. Review questions are included at the end of each chapter, with answers at the back of the book. Illustrated step-by-step intervention boxes, tables, and charts highlight important information, and make it easy to find instructions quickly. Use of language of the APTA Guide to Physical Therapist Practice ensures that you understand and comply with best practices recommended by the APTA. NEW photographs of interventions and equipment reflect the most current rehabilitation procedures and technology. UPDATED study resources on the Evolve companion website include an intervention collection, study tips, and additional review questions and interactive case studies.

Cochrane Handbook for Systematic Reviews of Interventions May 26 2020 Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library (www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

Essentials of Intensive Intervention Feb 15 2022 Few evidence-based resources exist for supporting elementary and secondary students who require intensive intervention--typically Tier 3 within a multi-tiered system of support (MTSS). Filling a gap in the field, this book brings together leading experts to present data-based individualization (DBI), a systematic approach to providing intensive intervention which is applicable to reading, math, and behavior. Key components of the DBI process are explained in detail, including screening, progress monitoring, and the use and ongoing adaptation of validated interventions. The book also addresses ways to ensure successful, sustained implementation and provides application exercises and FAQs. Readers are guided to access and utilize numerous free online DBI resources--tool charts, planning materials, sample activities, downloadable forms, and more.

Learning Disorders Dec 21 2019 What are learning disorders? How can schools endeavour to address these disorders in today's inclusive classrooms? This book answers these important questions in practical terms and discusses in detail the instructional needs of students with dyslexia, dysgraphia, dyscalculia, dyspraxia and other significant disorders that affect learning. Peter Westwood draws on international research literature to provide supporting evidence of best practices. The book is unique in linking the teaching methods recommended for overcoming learning problems directly to each of the three tiers of support in the Response-to-Intervention Model. It presents examples of effective whole-class teaching, intensive small group instruction and individual tutoring, as well as addressing key topics such as: educational progress of students with learning disorders; principles for teaching dyslexic students; difficulties with writing and spelling; developing students' numeracy skills; specific intervention strategies; nonverbal learning disabilities. Learning Disorders will be of interest to practising teachers, trainee teachers, teaching assistants, educational psychologists, school counsellors and parents. It will also provide valuable insights for any school planning to upgrade its support system for students with special educational needs.

Collaborative Home/school Interventions Nov 24 2022 Parents can be invaluable partners in identifying students' behavioral and learning needs and developing effective solutions.
