A MOST UNLIKELY HERO He was the kind of man her mama warned her about, workaday rancher Sophie B. Jones realized, as she looked up to find Sinclair Riker's unrelenting gaze on her. But resisting him was not an option, for though his words hinted at the darkness of his soul, his eyes spoke another message altogether—one that Sophie could not help but answer.... Sinclair knew better than to fall for an innocent like Sophie Jones. He knew that heartless seduction was supposed to be his stock-in-trade, and that he had come to the ranch with one purpose only—to do Sophie out of her beloved land, by any means possible. So what was it about this woman that had him yearning for the purity of her soul? And could love really turn Sin...into Sophie's saint? THE JONES GANG: The wild and woolly Jones clan is back—and better than ever! As she faced the flames, she realized two things with absolute certainty. She could bear the heat, but she could not bear losing him. She's shy, he's stoic...not the hardest personality traits to overcome, but Sophie Carson and Roman "Chief" Proudfit have their work cut out for them. Sophie has a crush on the silent-but-studly firefighter next door. She's been pining away silently while secretly helping the hardworking man by mowing his lawn—which he thinks is being done by her nonexistent husband and/or boyfriend. He's definitely not big on neighborly chitchat, but with her stutter, that suits Sophie just fine. But now a misunderstanding at a bar has put him even further out of her reach. Roman's difficult upbringing on an Indian reservation is a sore spot, so when he thinks Sophie is taking advantage of poor people for medical trials at her workplace, he lets her know exactly what he thinks. But when he discovers he misunderstood, he's man enough to admit it...and also that he should have opened his eyes to his beautiful, sensitive neighbor sooner. As the couple gets closer, each helping the other overcome lifelong pains, for the first time in years, Roman has something to live for other than his job. And, as he discovers when Sophie puts herself in danger, something even bigger to lose... ** Shelter for Sophie is the 8th book in the Badge of Honor: Texas Heroes Series. Identical twin sisters take turns swapping places over the course of a summer in order to pursue their secret ambitions in Samantha Hastings' Victorian YA romance. 1851. Bounced from one begrudging relative to another their whole lives, orphaned identical twins Sophie and Mariah Carter have always relied on each other for love and support, even though the sisters couldn't be more different. Brash Sophie wants to be an inventor, and demure Mariah wants to be an artist. Both long to visit London for the summer—Sophie to see the Queen's Great Exhibition and Mariah to study the world's finest collection of paintings. But when their cantankerous aunt answers their letter pleading for a place to stay, she insists she only has time and room to spare for one of them. So, Mariah and Sophie hatch a clever scheme: They will travel to London together and take turns playing the part of "Sophie". At first the plan runs like clockwork. But as the girls avoid getting caught by increasingly narrow margins and two handsome gentlemen—both of whom think they're falling in love with the real Sophie Carter—enter the equation, the sisters find they don't have the situation quite as under control as they thought. With all sorts of delightful Parent Trap-style identical twin hijinks, *The Invention of Sophie Carter* is the perfect light-and-sweet palate cleanser. 36-year-old Sophie Stanton has lost her young husband to cancer. She's never cared this much about any man's opinion of her. But Jack is different. He stirs up feelings. Strong feelings. Guilt. Anger. Attraction. Curiosity. Sympathy. This biography of the mathematician, Sophie Germain, paints a rich portrait of a brilliant and complex woman, the mathematics she developed, her associations with Gauss, Legendre, and other leading researchers, and the tumultuous times in which she lived. Sophie Germain stood right between Gauss and Legendre, and both publicly recognized her scientific efforts. Unlike her female predecessors and contemporaries, Sophie Germain was an impressive mathematician and made lasting contributions to both number theory and the theories of plate vibrations and elasticity. She was able to walk with ease across the bridge between the fields of pure mathematics and engineering physics. Though isolated and snubbed by her peers, Sophie Germain was the first woman to win the prize of mathematics from the French Academy of Sciences. She is the only woman who contributed to the proof of Fermat's Last Theorem. In this unique biography, Dora Musielak has done the impossible – she has chronicled Sophie Germain's brilliance through her life and work in mathematics, in a way that is simultaneously informative, comprehensive, and accurate. Berlin, September 1872. The Duncker brothers, Max and Wolfgang, own a thriving publishing business in the city. Clever, irresponsible Max is as fond of gambling and brothels as the older, wiser, Wolfgang is of making a profit. When Max's bad habits get out of hand, Wolfgang sends him to the Spa town of Homburg, to dance attendance upon a celebrity author – the enigmatic Sibyl, also known as George Eliot. As enthralling and intelligent as her books, she soon has Max bewitched. Yet Wolfgang has an ulterior motive: for his brother to consider Sophie von Hahn, daughter of a wealthy family friend, as a potential wife. At first, Max is lured by Sophie's beauty and his affectionate memories of their shared childhood. But Sophie proves to be nothing like the vision of angelic domesticity Max was expecting. Mischievous, wilful and daring, Sophie gambles recklessly

and rides horses like a man. Both women have Max in thrall – one with her youth and passion, the other with her wisdom and fierce intelligence. Out of his depth, Max finds himself precariously balanced between Sophie and the Sibyl. What's more, Sophie worships the great novelist of questionable morals – and is determined to meet her. A compelling Victorian novel and a playful meditation on the creation of literature, *Sophie and the Sibyl* balances a tale of courtship and seduction with a fascinating, lively imagining of the writer George Eliot at the end of her boldly unconventional life, and the height of her fame. 2009 Word Guild Award — Winner, Young Adult Fiction

A forensic conceptualist's inventory of the ordinary and extraordinary lives in a Venetian hotel In 1981 Sophie Calle took a job as a chambermaid for the Hotel C in Venice, Italy. Stashing her camera and tape recorder in her mop bucket, she not only cleans and tidies, but sorts through the evidence of the hotel guests' lives. Assigned 12 rooms on the fourth floor, she surveys the state of the guests' bedding, their books, newspapers and postcards, perfumes and cologne, traveling clothes and costumes for Carnival. She methodically photographs the contents of closets and suitcases, examining the detritus in the rubbish bin and the toiletries arranged on the washbasin. She discovers their birth dates and blood types, diary entries, letters from and photographs of lovers and family. She eavesdrops on arguments and love-making. She retrieves a pair of shoes from the wastebasket and takes two chocolates from a neglected box of sweets, while leaving behind stashes of money, pills and jewelry. Her thievery is the eye of the camera, observing the details that were not meant for her, or us, to see. The Hotel now manifests as a book for the first time in English (it was previously included in the book *Double Game*). Collaborating with the artist on a new design that features enhanced and larger photographs, and pays specific attention to the beauty of the book as an object, Siglio is releasing its third book authored by Calle, after *The Address Book* (2012) and *Suite V é nitiennne* (2015). Sophie Calle (born 1953) is an internationally renowned artist whose controversial works often fuse conceptual art and Oulipo-like constraints, investigatory methods and the plundering of autobiography. The Whitechapel Gallery in London organized a retrospective in 2009, and her work has been shown at the Museum of Modern Art and the Whitney Museum of American Art, New York; the Carnegie Museum of Art, Pittsburgh; the Museum of Fine Arts, Boston; the Hayward Gallery and Serpentine, London; and the Museum of Contemporary Art, Chicago, among others. She lives and works in Paris.
