I wish my own MA and PhD students, during my 40 years of supervising, could have been demystified by having Casanave's 'textual mentor' as a companion." --Merrill Swain, Professor Emerita, OISE, University of Toronto "Before the Dissertation is an insightful, relevant, and accessible resource for doctoral students at any stage. Full of reflections and advice

not found in other books, it serves as an indispensable guide for students and their supervisors. And the dispelling of myths is a superb idea!" -- Robert Kohls, PhD candidate, University of Toronto Unlike other books on doctoral dissertation writing, Before the Dissertation is designed for students in the social sciences who are still in the early stages of doctoral study or for master's-level students considering entering doctoral programs. It addresses concerns pertinent to both first and second language users of English. It focuses on purposes for doctoral dissertation writing, topic choice and development, choosing and working with advisers, reading and informal writing, and quality-of-life issues. Faculty advisers who wish to reduce student attrition are also urged to read this book and to work with students at early stages of dissertation projects. Each of the nine chapters begins with a common myth about advanced academic work that is then dispelled. The chapters also pose questions that connect issues directly with individual readers so as to help them make sensible decisions about their doctoral work. The book could be used in graduate classes on issues in doctoral study or dissertation planning, and it can be a companion (textual mentor) to individual students who wish to reflect on their decision to pursue doctoral study/doctoral project.
