Linda Kaplan Thaler and Robin Koval have moved to the top of the advertising industry by following a simple but powerful philosophy: it pays to be nice. Where so many companies encourage a dog-eat-dog mentality, The Kaplan Thaler Group has succeeded through chocolate and flowers. In *The Power of Nice*, through their own experiences and the stories of other people and businesses, they demonstrate why, contrary to conventional wisdom, nice people finish first. *The Power of Nice* shows that 'nice' companies have lower employee turnover, lower recruitment costs and higher productivity. Nice people live longer, are healthier and make more money. In today's interconnected world, companies and people with a reputation for cooperation and fair play forge the kind of relationships that lead to bigger and better opportunities, both in business and in life. But being nice doesn't mean being a push-over. In fact, nice may be the toughest four-letter word you'll ever encounter. Kaplan Thaler and Koval illustrate the surprising power of nice with an array of real-life examples from the business arena as well as from their personal lives. Most important, they present a plan of action covering everything from creating a positive impression to sweetening the pot to turning enemies to allies. Filled with inspiration and suggestions on how to supercharge your career and expand your reach in the workplace, *The Power of Nice* will transform how you live and work. On May 30, 1593, London's most popular playwright was stabbed to death. The royal coroner ruled that Christopher Marlowe was killed in self-defense, but historians have long suspected otherwise, given his role as an "intelligencer" in the queen's secret service. In sixteenth-century London, Marlowe embarks on his final intelligence assignment, hoping to find his missing muse, as well as the culprits behind a high-stakes smuggling scheme. In present-day New York, grad student turned private eye Kate Morgan is called in on an urgent matter. One of her firm's top clients, a London-based financier, has chanced upon a mysterious manuscript that had been buried for centuries -- one that someone, somewhere is desperate to steal. What secret lurks in those yellowed, ciphered pages? And how, so many years later, could it drive someone to kill? As Kate sets

off for England, she receives a second assignment. An enigmatic art dealer has made an eleven-million-dollar purchase from an Iranian intelligence officer. Is it a black-market antiquities deal, or something far more sinister? Like Marlowe, Kate moonlights as a spy -- her P.I. firm doubles as an off-the-books U.S. intelligence unit -- and she is soon caught like a pawn in a deadly international game. As *The Intelligencer's* interlocking narratives race toward a stunning collision, and Kate closes in on the truth behind Marlowe's sudden death, it becomes clear that she may have sealed a similar fate for herself. Propelling us from the shadows of the sixteenth-century underworld to the glitter of Queen Elizabeth's court, from the dark corridors of a clandestine American op-center to the cliffs of Capri, *The Intelligencer* is at once a murder mystery, a tale of poetic inspiration, and a richly detailed foray into parallel worlds of espionage and political intrigue separated by centuries. **CELEBRATING FIFTY YEARS OF PICADOR BOOKS** Now an HBO Max original TV series *The New York Times* Bestseller Winner of the Arthur C. Clarke Award Longlisted for the Baileys Women's Prize for Fiction National Book Awards Finalist PEN/Faulkner Award Finalist What was lost in the collapse: almost everything, almost everyone, but there is still such beauty. One snowy night in Toronto famous actor Arthur Leander dies on stage whilst performing the role of a lifetime. That same evening a deadly virus touches down in North America. The world will never be the same again. Twenty years later Kirsten, an actress in the *Travelling Symphony*, performs Shakespeare in the settlements that have grown up since the collapse. But then her newly hopeful world is threatened. If civilization was lost, what would you preserve? And how far would you go to protect it? Part of the Picador Collection, a new series showcasing the best of modern literature. Set against the backdrop of the Civil Rights Movement, *Redlined* exposes the racist lending rules that refuse mortgages to anyone in areas with even one black resident. As blacks move deeper into Chicago's West Side during the 1960s, whites flee by the thousands. But Linda Gartz's parents, Fred and Lil choose to stay in their integrating neighborhood, overcoming previous prejudices as they meet and form friendships with their African American neighbors. The community sinks into increasing poverty and crime after two race riots destroy its once vibrant business district, but Fred and Lil continue to nurture their three apartment buildings and tenants for the next twenty years in a devastated landscape—even as their own relationship cracks and withers. After her parents' deaths, Gartz discovers long-hidden letters, diaries, documents, and photos stashed in the attic of her former home. Determined to learn what forces shattered her parents' marriage and undermined her community, she searches through the family archives and immerses herself in books on racial change in American neighborhoods. Told through the lens of Gartz's discoveries of the personal and political,

*Redlined* delivers a riveting story of a community fractured by racial turmoil, an unraveling and conflicted marriage, a daughter's fight for sexual independence, and an up-close, intimate view of the racial and social upheavals of the 1960s. #1 NEW YORK TIMES BESTSELLER "A master at keeping the reader hanging on to see what happens next." - Associated Press When John Sutter's aristocratic wife killed her mafia don lover, John left America and set out in his sailboat on a three-year journey around the world, eventually settling in London. Now, ten years later, he has come home to the Gold Coast, that stretch of land on the North Shore of Long Island that once held the greatest concentration of wealth and power in America, to attend the imminent funeral of an old family servant. Taking up temporary residence in the gatehouse of Stanhope Hall, John finds himself living only a quarter of a mile from Susan who has also returned to Long Island. But Susan isn't the only person from John's past who has reemerged: Though Frank Bellarosa, infamous Mafia don and Susan's ex-lover, is long dead, his son, Anthony, is alive and well, and intent on two missions: Drawing John back into the violent world of the Bellarosa family, and exacting revenge on his father's murderer--Susan Sutter. A New York Times Bestseller "Each interview is a revelation." —USA Today "As heartwarming as a holiday pumpkin pie and every bit as homey . . . what emerges in these compelling pages is hard-won wisdom and boundless humanity." —Seattle Post-Intelligencer As heard on NPR, a wondrous nationwide celebration of our shared humanity StoryCorps founder and legendary radio producer Dave Isay selects the most memorable stories from StoryCorps' collection, creating a moving portrait of American life. The voices here connect us to real people and their lives—to their experiences of profound joy, sadness, courage, and despair, to good times and hard times, to good deeds and misdeeds. To read this book is to be reminded of how rich and varied the American storybook truly is, how resistant to easy categorization or stereotype. We are our history, individually and collectively, and Listening Is an Act of Love touchingly reminds us of this powerful truth. Dave Isay's latest book, Callings, published in 2016 from Penguin Press. In Pure, Linda Kay Klein uses a potent combination of journalism, cultural commentary, and memoir to take us "inside religious purity culture as only one who grew up in it can" (Gloria Steinem) and reveals the devastating effects evangelical Christianity's views on female sexuality has had on a generation of young women. In the 1990s, a "purity industry" emerged out of the white evangelical Christian culture. Purity rings, purity pledges, and purity balls came with a dangerous message: girls are potential sexual "stumbling blocks" for boys and men, and any expression of a girl's sexuality could reflect the corruption of her character. This message traumatized many girls—resulting in anxiety, fear, and experiences that mimicked the symptoms of Post-Traumatic Stress Disorder—and trapped them in a cycle of shame. This is the sex education Linda Kay Klein grew up with. Fearing being marked a Jezebel, Klein broke up with her high school boyfriend because she thought God told her to and took pregnancy tests despite being a virgin, terrified that any sexual activity would be punished with an out-of-wedlock pregnancy. When the youth pastor of her church was convicted of sexual enticement of a twelve-year-old girl, Klein began to question purity-based sexual ethics. She contacted young women she knew, asking if they were coping with the same shame-induced issues she was. These intimate conversations developed into a twelve-year quest that took her across the country and into the lives of women raised in similar religious communities—a journey that facilitated her own healing and led her to churches that are seeking a new way to reconcile sexuality and spirituality. Pure is "a revelation... Part memoir and part journalism, Pure is a horrendous, granular, relentless, emotionally true

account" (The Cut) of society's larger subjugation of women and the role the purity industry played in maintaining it. Offering a prevailing message of resounding hope and encouragement, "Pure emboldens us to escape toxic misogyny and experience a fresh breath of freedom" (Glennon Doyle, #1 New York Times bestselling author of Love Warrior and founder of Together Rising). In the summer of 1986, in a small Chinese village, ten-year-old Junie receives a momentous letter from her parents, who had left for America years ago: her father promises to return home and collect her by her twelfth birthday. But Junie’s growing determination to stay put in the idyllic countryside with her beloved grandparents threatens to derail her family’s shared future. Junie doesn’t know that her parents, Momo and Cassia, are newly estranged from one another in their adopted country, each holding close private tragedies and histories from the tumultuous years of their youth during China’s Cultural Revolution. For Momo to fulfill his promise, he must make one last desperate attempt to reunite all three family members before Junie’s birthday—even if it means bringing painful family secrets to light. *Swimming Back to Trout River* is a “symphony of a novel” (BookPage) that weaves together the stories of Junie, Momo, Cassia, and Dawn—a talented violinist from Momo’s past—while depicting their heartbreak and resilience, tenderly revealing the hope, compromises, and abiding ingenuity that make up the lives of immigrants. When author Mike Jaccarino was offered a job at the Daily News in 2006, he was asked a single question: "Kid, what are you going to do to help us beat the Post?" That was the year things went sideways at the News, when the New York Post surpassed its nemesis in circulation for the first time in the history of both papers. Tasked with one job—crush the Post—Jaccarino here provides the behind-the-scenes story of how the runners and shooters on both sides would do anything and everything to get the scoop before their opponents. The New York Daily News and the New York Post have long been the Hatfields and McCoys of American media: two warring tabloids in a town big enough for only one of them. As digital news rendered print journalism obsolete, the fight to survive in NYC became an epic, Darwinian battle. In America's Last Great Newspaper War, Jaccarino exposes the untold story of this tabloid death match of such ferocity and obsession its like has not occurred since Pulitzer- Hearst. Told

through the eyes of hungry "runners" (field reporters) and "shooters" (photographers) who would employ phony police lights to overcome traffic, Mike Jaccarino's memoir unmask the do-whatever-it-takes era of reporting—where the ends justified the means and nothing was off-limits. His no-holds-barred account describes sneaking into hospitals, months-long stakeouts, infiltrating John Gotti's crypt, bidding wars for scoops, high-speed car chases with Hillary Clinton, O.J. Simpson, and the baby mama of a philandering congressman—all to get that coveted front-page story. Today, few runners and shooters remain on the street. Their age and exploits are as bygone as the News-Post war and American newspapers, generally. Where armies once battled, often no one is covering the story at all. Sweeney loves her work and is content with life, until she begins to notice odd changes. The changes are unnoticeable at first, but she can't ignore her dreams - lush, vivid and drenched in vibrant hues - which are influencing her artwork. And she can't deny her growing restlessness... Suddenly, impulsively, Sweeney finds herself unable to resist a night of intense passion with millionaire Richard Worth, estranged husband of her gallery-owner. But the true dangers of her all-consuming urges are about to be revealed where Sweeney least expects it: in her paintings. After a creative frenzy she discovers she has painted a graphic murder scene. And then a shattering, real-life murder mirrors her creation and puts her at the top of the list of suspects. A unique gothic romance with an enticing undercurrent of fairytale and darkness. Perfect for teen girls Investigates Plato's account of the tripartite soul, looking at how the theory evolved over the Republic, Phaedrus and Timaeus.
