Certification Review for Pharmacy Technicians has been recognized as the best review text for the PTCB's National Certification Exam by pharmacy technicians nationwide. But don't take our word for it...here's what just a few pharmacy technicians and educators have to say... "I am a certified pharmacy technician and an instructor at the central Arizona College, Pharmacy Technician Program. I have prepared all of our technicians for the national certification exam with the text Certification Review for Pharmacy Technicians by Noah Reifman. It is by far the best study guide available to prepare for the PTCB exam." -Myela Fox, CphT Banner Home Care "I am a Pharmacy Technician Instructor at Stark State College and Wayne College in Ohio. Certification Review for Pharmacy Technicians written by Noah Reifman, RPH, MS., changed fear into confidence for the PTCB exam. The text is written in a 'reader friendly' fashion yet very 'detail oriented'. It made the difference for my students." - Janice Norcia-Sprankle Pharmacy Technician Instructor "I found the review text Certification Review for Pharmacy Technicians to cover all topics needed to pass the national certification exam. I passed the exam with this review book and have personally recommended it to many technicians taking the exam. Written by a pharmacist who really cares about technicians and their future." Kelly Fash, CphT With over 100,000 texts sold, Certification Review for Pharmacy Technicians has an overall greater than 96% pass rate. Fun "In Store" For Students is a resource and activity book to help teachers and/or facilitators develop, operate, and/or justify a school store while achieving common core and other academic standards. There are many activities, resources, lessons, assessments, evaluations, and reproducible pages. This book is centered on a school store but it can be used for other school-based

businesses. Section 1 contains assembly plans for a mobile school store. Section 2 lists the Wisconsin academic performance standards, and content standards that can be achieved by operating a school store, depending on your scope and goals. These examples may be used as a template for meeting standards in your state. Section 3 is a suggested sequence for developing and operating a school store. During the 'developing and operating' process, ideas and examples are given to integrate some of the activities and processes into your classroom. Section 4 has you start thinking about forming business and education partnerships. Section 5 is the financial literacy section. This section is a useful tool because it opens student's eyes to authentic hands-on learning that connects school work with career work/awareness, and the math associated with real-life living. Section 6 contains the appendices where you find most of your resources, supplemental material, lesson plans, activities, assessments, evaluations, and reproducible pages to be used by the students and facilitators of the school store. Section 7 contains additional resources to investigate. The developmental and operational processes for your school store may vary from school to school depending on your school's size, your goals, and your objectives for running a store. Some sample goals or objectives include: meeting academic standards, having a continuous fundraiser, developing employability, job-seeking, and consumer math skills, integrating school and work-based learning, expanding awareness of careers including entrepreneurship, and developing partnerships with businesses and the community.
