Lined paper, ruled paper or writing paper (whatever you call it) is a type of paper that features horizontal lines printed on it. The lines are aimed at separating the lines of your hand-written text in order to make it easy for you to write and then read the text. In comparison with the traditional blank piece of paper or dot grid paper, lined templates make your hand-writing look smooth and ordered. These templates are often used for calligraphy, noting music, and writing. The simple reason why ruled templates are so useful and popular is that a lot of people aren't good enough at writing in a straight line without a guide. And it's no wonder why. Most of us are so used to typing the text with the keyboards that we totally forget how to write in the longhand.
