**Browned Off and Bloody-Minded** Oct 19 2019 More than three-and-a-half million men served in the British Army during the Second World War, the vast majority of them civilians who had never expected to become soldiers and had little idea what military life, with all its strange rituals, discomforts, and dangers, was going to be like. Alan Allport's rich and luminous social history examines the experience of the greatest and most terrible war in history from the perspective of these ordinary, extraordinary men, who were plucked from their peacetime families and workplaces and sent to fight for King and Country. Allport chronicles the huge diversity of their wartime trajectories, tracing how soldiers responded to and were shaped by their years with the British Army, and how that army, however reluctantly, had to accommodate itself to them. Touching on issues of class, sex, crime, trauma, and national identity, through a colorful multitude of fresh individual perspectives,

the book provides an enlightening, deeply moving perspective on how a generation of very modern-minded young men responded to the challenges of a brutal and disorienting conflict.

**Dragon** Oct 11 2021 Clive Cussler, author of over twenty consecutive New York Times bestsellers, brings back beloved hero Dirk Pitt in this electrifying, edge-of-your-seat thriller that is “a high-tech adventure, a little romance, and a whale of a story” (Richmond Times-Dispatch). Japan, 1945: Two US bombers take off with atomic bombs. Only one gets through. The Pacific, 1993: A Japanese cargo ship bound for the United States is instantly, thunderously vaporized, taking with it a Norwegian vessel. Japanese fanatics have developed a chilling plan to devastate and destroy the Western powers. From the ocean depths to the discovery of cache of lost Nazi loot, Dirk Pitt is untangling a savage conspiracy and igniting a daring counterattack. While Washington bureaucrats scramble, a brutal industrialist commands his blackmail scheme from a secret island control center. And Dirk, the dauntless hero of Sahara and Inca Gold, is taking on death-dealing robots and a human-hunting descendant of samurai warriors. Pitt alone controls the West’s secret ace in the hole: a tidal wave of destruction waiting to be triggered on the ocean floor! “Bulging with gadgetry and undersea delights” (Houston Chronicle), Dragon is “pure fun... **"Transculturation in British Art, 1770-1930 "** Jan 02 2021

Examining colonial art through the lens of transculturation, the essays in this collection assess painting, sculpture, photography, illustration and architecture from 1770 to 1930 to map these art works' complex and unresolved meanings illuminated by the concept of transculturation. Authors explore works in which transculturation itself was being defined, formed, negotiated, and represented in the British Empire and in countries subject to British influence (the Congo Free State, Japan, Turkey) through cross-cultural encounters of two kinds: works created in the colonies subject over time to colonial and to postcolonial spectators' receptions, and copies or multiples of works that traveled across space located in several colonies or between a colony

and the metropole, thus subject to multiple cultural interpretations.

But as they struggle to first recover the bell and then decode its clues, they find they are not alone in wanting to discover its secrets. When news of the find is publicised, Mexican President Quauhtli Garza is forced to act. He knows that this bell comes from a former Confederate ship that sank off the African coast and he fears that the discovery of a missing piece of a Quetzalcoatl statuette, which was aboard the ship, will undermine his plans for Mexico's future. With Garza determined to stop the Fargos investigation at all costs, the couple are drawn into a deadly conspiracy that connects the 1883 Krakatoa explosion with an attempt to resurrect the fallen Aztec empire ...
