**I Have No Mouth & I Must Scream** May 03 2021 Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."

**Feeling and Knowing** Jun 04 2021 In recent decades, many philosophers and cognitive scientists have declared the question of consciousness unsolvable, but Antonio Damasio is convinced that recent findings in neuroscience, psychology and artificial intelligence have given us the necessary tools to solve its mystery. In *Feeling & Knowing*, Damasio elucidates the myriad aspects of consciousness and presents his analysis and new insights in a way that is faithful to our own intuitive sense of the experience. In forty-eight brief chapters, Damasio helps us understand the relation between consciousness and the mind; why being conscious is not the same as either being awake or sensing; the central role of feeling; and why the brain is essential for the development of consciousness. He synthesises the recent findings of various sciences with the philosophy of consciousness, and, most significantly, presents his original research which has transformed our understanding of the brain and human behaviour. Here is an indispensable guide to understanding the fundamental human capacity for informing and transforming our experience of the world around us and our perception of our place in it.

**When the Elephants Dance** Apr 02 2021 "Papa explains the war like this: 'When the elephants dance, the chickens must be careful.' The great beasts, as they circle one another, shaking the trees and trumpeting loudly, are the Amerikanos and the Japanese as they fight. And our Philippine Islands? We are the small chickens." Once in a great while comes a storyteller who can illuminate worlds large and small, in ways both magical and true to life. When the *Elephants Dance* is set in the waning days of World War II, as the Japanese and the Americans engage in a fierce battle for possession of the Philippine Islands. Through the eyes of three narrators, thirteen-year-old Alejandro Karangalan, his spirited older sister Isabelle, and Domingo, a passionate guerilla commander, we see how ordinary people find hope for survival where none seems to exist. While the Karangalan family and their neighbors huddle together for survival in the cellar of a house, they tell magical stories to one another based on Filipino myth that transport the listeners from the chaos of the war around them and give them new resolve to continue fighting. Outside the safety of their refuge the war rages on—fiery bombs torch the countryside, Japanese soldiers round up and interrogate innocent people, and from the hills guerilla fighters wage a desperate campaign against the enemy. Inside the cellar, these men, women, and children put their hopes and dreams on hold as they wait out the war. This stunning debut novel celebrates with richness and depth the spirit of the Filipino people and their fascinating story and marks the introduction of an author who will join the ranks of writers such as Arundhati Roy, Manil Suri, and Amy Tan.
